

Underground LED Brick Light, 14W RGB SPI, 24VDC, IP67, 60x10x6 cm

- 14W power draw on a 24VDC supply
- RGB SPI LED for individually addressable color control
- IP67 rated for dust and temporary submersion resistance
- Stainless steel body with 12mm frosted tempered glass cover
- Rated LED lifetime of 50,000 hours
- 1-year warranty

OVERVIEW

The 1-B24x4-SPI-24V is an underground LED brick light designed for in-ground installation in outdoor hardscape, pathway, and architectural accent applications. Its stainless steel body and frosted tempered glass cover provide structural durability suited to pedestrian and decorative environments.

The fixture operates at 14W on a 24VDC supply and features RGB SPI LED technology, enabling individually addressable color control for dynamic lighting effects. An IP67 ingress protection rating confirms the unit is sealed against dust and temporary submersion, making it suitable for exposed outdoor installations. Rated LED lifetime is 50,000 hours, and the fixture carries a 1-year warranty.

SPECIFICATIONS

OPTICAL

LED Chip Type	RGB SPI
LED Lifetime	50,000 h

ELECTRICAL

Operating Voltage	24 V
Wattage	14 W

MECHANICAL

Product Dimensions	60×10×6 cm
Material	Stainless steel body with frosted tempered glass cover

ENVIRONMENTAL

IP Rating	IP67
