

Brass Landscape Fixture for PAR36 Bulb,
Spike Mount, 1M Lead Wire, Max 50W

- Solid brass construction for outdoor durability
- Spike-mount design for direct ground installation
- Accepts PAR36 bulb, sold separately
- 1-meter #18 lead wire included
- Double O-ring seal for weather resistance
- Rated for max 50W bulb wattage

OVERVIEW

The 1-G-BR-PAR36 is a solid brass landscape fixture designed for PAR36 bulb installations in low-voltage outdoor lighting applications. The spike-mount design allows direct ground installation, making it suitable for path, accent, and area lighting in commercial and residential landscape projects. The PAR36 bulb is sold separately.

The fixture includes a 1-meter #18 lead wire and is rated for a maximum bulb wattage of 50W. A double O-ring seal provides weather resistance, helping protect the socket and wiring connections in outdoor environments.

The fixture carries a 1-year warranty, and the LED lifetime rating is 50,000 hours.
