

RGB LED Ground Spike Light, 9W 12V,
Aluminum Shell, Remote Control

- 9W RGB LED engine powered by 12V DC supply
- Aluminum shell housing for outdoor spike installation
- Remote control adjusts color, brightness, effects and timer
- LED rated for 50,000 hours of operating life
- 1-year manufacturer warranty

OVERVIEW

The 1-G9-RGB-COB-12V is a 9W RGB LED ground light designed for outdoor landscape and architectural accent applications. The unit includes a ground spike for direct installation in soil and ships with a remote control for adjusting color, brightness, lighting effects, and timer settings without hardwired controls.

The fixture draws 9W at 12V DC and is housed in an aluminum shell suited to outdoor use. The RGB color system supports multiple color selections and dynamic lighting scenes for commercial landscape, pathway, and feature lighting installations. The LED source is rated for 50,000 hours of operation.

The product carries a 1-year warranty.
