

## 9W RGB+CCT Smart LED Garden Light, DC24V, 900lm, 15° Beam, IP66

### OVERVIEW

The 1-G9RGCCT-IP66-24V is a 9W RGB+CCT LED garden light designed for low-voltage landscape and architectural accent applications. Operating on DC24V, it supports full-color RGB output alongside tunable white from 2700K to 6500K, controlled via 2.4GHz RF with an effective range of up to 30m.

The fixture delivers 900 lumens at 100 lm/W with a narrow 15° beam angle suited for directional illumination over distances exceeding 10m. CRI is rated above 80. The IP66-rated housing is rated for operation in temperatures from -20°C to 45°C, making it suitable for exposed outdoor installations.

IP66 ingress protection is confirmed. CE and RoHS compliance are noted in product records; independent verification against project specifications is recommended. No warranty term is specified in available source data.
