

LED Linkable Outdoor Flood Light with Motion Sensor, 36W, 250W Replacement, 5000K

- Consumes 36W while replacing a 250W conventional flood fixture
- Integrated motion sensor for automated security lighting
- 5000K Day White color temperature for high-visibility outdoor use
- Linkable design allows multiple units to be connected for larger coverage areas
- Built to withstand harsh outdoor weather conditions
- Backed by a 1-year manufacturer warranty

OVERVIEW

The 1-SL-GE30-30K is a 36W LED linkable outdoor flood light fixture with an integrated motion sensor, designed for security and general-purpose outdoor illumination. Its linkable design allows multiple units to be connected, making it suitable for larger commercial or industrial outdoor areas.

The fixture operates at 36W and produces 5000K daylight-spectrum output for high visibility in outdoor environments. It is constructed to withstand harsh weather conditions. Multiple units can be linked together to scale coverage as needed.

This fixture carries a 1-year manufacturer warranty.
