

LED Linkable Outdoor Flood Light with Motion Sensor, 36W, 5000K, 50,000 h Life

- Consumes 36W of power for energy-efficient outdoor illumination
- Produces 5000K day white light for enhanced visibility and safety
- Integrated motion sensor supports security lighting applications
- Linkable design allows multiple fixtures to cover larger areas
- Rated for 50,000 hours of LED lifetime
- Includes a 1-year manufacturer warranty

OVERVIEW

The 1-SL-GE30-50K is a 36W linkable LED outdoor flood light fixture with an integrated motion sensor, designed for security and general-purpose illumination in commercial and residential outdoor applications. Multiple units can be interconnected to provide coverage across larger areas.

The fixture operates at 36W and produces 5000K daylight-spectrum output, supporting visibility in parking areas, building perimeters, and similar outdoor environments. It carries a rated LED lifetime of 50,000 hours and is constructed to withstand harsh weather conditions.

A 1-year warranty is included.

SPECIFICATIONS

OPTICAL

Color Temperature	5,000 K
LED Lifetime	50,000 h

ELECTRICAL
