

Angle - Adjustable Direct Wall Mount for LED Street Light Fixtures

- Angle-adjustable design allows fixture positioning for optimal aim
- Direct wall mount configuration for secure fixture attachment
- Compatible with LED fixtures rated for 50,000 hour lifetime
- Backed by a 1-year warranty
- Durable construction intended for long-term outdoor use

OVERVIEW

The 1-ST-G-ADM is an angle-adjustable direct wall mount designed to securely hold and position LED street light fixtures and similar luminaires in commercial and industrial installations. The adjustable angle feature allows the mounted fixture to be aimed at the desired viewing or illumination angle for optimal placement.

The mount is built for straightforward installation and long-term durability, supporting fixtures rated for up to 50,000 hours of LED lifetime. Its construction balances functional versatility with a low-profile appearance suitable for wall-mounted lighting applications.

The mount is backed by a 1-year warranty.
