

U-Shape Mounting Bracket for 150W Street Light to Flood Light Conversion

- Converts a 150W street light fixture into a flood light configuration
- Compatible with fixtures rated for 50,000-hour LED lifetime
- U-shape design allows repositioning without replacing the full fixture
- Backed by a 1-year warranty

OVERVIEW

The 1-ST-K150W-Bracket is a U-shape mounting bracket designed to convert a 150W street light fixture into a flood light configuration. It allows contractors and installers to reposition or repurpose a compatible 150W street light housing for area or flood lighting applications without replacing the full fixture assembly.

The bracket is rated for use with fixtures carrying a 50,000-hour LED lifetime and is backed by a 1-year warranty.
