

Concrete Pole Base, 3 ft Deep

- Precast concrete construction for below-grade installation
- 3 ft installation depth for pole foundation stability
- Suited to commercial and industrial site lighting projects
- Designed for permanent foundation support of pole-mounted luminaires

OVERVIEW

The 1-ST-POLE-BASE is a precast concrete pole base designed for below-grade installation at a depth of 3 feet. It is intended for use in commercial and industrial site lighting applications where a stable, permanent foundation is required for pole-mounted luminaires.
