

RM Series Motion Sensor Cover for 200 - 300W High Bay Fixtures, 1 - Year Warranty

- Compatible with RM Series fixtures rated 200 - 300W
- Shields motion sensor from dust, moisture and external elements
- Reduces interference to maintain accurate motion detection
- Backed by a 1 - year manufacturer warranty
- Rated for use with fixtures offering 50,000 - hour LED lifetime

OVERVIEW

The RM Series Motion Sensor Cover is a protective accessory designed for motion sensor units used with 200 - 300W RM Series high bay fixtures. It shields the sensor from dust, moisture, and other external elements to support reliable, consistent detection performance in commercial and industrial environments.

The cover is designed to reduce interference and maintain accurate motion detection while offering straightforward installation. Its profile is suited to blend with a range of architectural settings, making it applicable across both commercial and light industrial installations.

The accessory is backed by a 1 - year warranty and is compatible with fixtures rated up to 300W with a 50,000 - hour LED lifetime.
