

Vertical Tenon Reducer, 3.4" Round Pole to 2-3/8" Tenon, Black Finish

- Adapts 3.4-inch round pole to a 2-3/8-inch tenon
- Black finish for outdoor pole-mounted fixtures
- Product dimensions of 224 × 88 mm
- Rated for harsh outdoor weather exposure
- Backed by a 1-year manufacturer warranty

OVERVIEW

The 3-VTR-B Vertical Tenon Reducer is a pole mounting accessory designed to connect a 3.4-inch round pole to a 2-3/8-inch tenon. It is suited for commercial and residential outdoor lighting installations, including parking lots and pathway lighting applications.

The reducer features a black finish and is constructed to withstand harsh weather conditions, making it appropriate for permanent outdoor use. Product dimensions measure 224 × 88 mm.

The reducer is backed by a 1-year warranty.
