

Vertical Tenon Reducer, 5-Inch Square Pole to 2-3/8-Inch Tenon, Bronze Finish

- Adapts 5-inch square pole to 2-3/8-inch round tenon
- Bronze finish for corrosion resistance and aesthetic match to pole
- Rated for compatibility with fixtures specifying 50,000-hour LED lifetime
- Backed by a 1-year limited warranty
- Liquidation stock item for square-to-round pole conversions

OVERVIEW

The 1-ST-Z-P5-VTS-B is a vertical tenon reducer designed to adapt a 5-inch square pole to a 2-3/8-inch tenon, allowing compatible luminaires to be mounted on square structural poles without custom fabrication. This type of adapter is commonly used in parking lot, roadway, and area lighting installations where standard round-tenon fixtures must interface with square pole tops.

The unit is finished in bronze and is rated for use with fixtures specifying a 50,000-hour LED lifetime. It is offered as a liquidation item and carries a 1-year limited warranty.

SPECIFICATIONS
