

Light Pole Base Mounting Screw for SLP Series, Corrosion-Resistant, 10 lb, 1-Year Warranty

- Corrosion-resistant finish for outdoor and demanding environments
- Weights 10 lb per unit
- Backed by a 1-year manufacturer warranty
- Engineered to resist wobbling and tilting under load
- Withstands heavy mechanical stress and vibration
- Compatible with multiple SLP Light Pole models

OVERVIEW

The Base Mounting Screw for SLP Light Pole is a hardware component designed to secure the base of SLP series light poles to mounting surfaces. It is intended for use during installation and routine maintenance of compatible SLP Light Pole models.

The screw is engineered to resist wobbling and tilting under load and is constructed to withstand vibrations and heavy mechanical stress. A corrosion-resistant finish supports long-term performance in outdoor or demanding environments. It weighs 10 lb and is backed by a 1-year warranty.
