

Wall Mount Adapter with 2 - 3/8" Tenon, 180° Angle, Bronze Finish

- Creates a 2 - 3/8 inch tenon for fixture mounting
- Fixed 180-degree angle for wall installation
- Bronze finish for professional appearance
- 1-year warranty coverage
- Compatible with fixtures rated for 50,000-hour LED lifetime

OVERVIEW

The 1-ST-Z-WM-B is a wall mount adapter designed for securing fixtures or equipment fitted with a 2 - 3/8 inch tenon. It supports installation at a fixed 180-degree angle, offering straightforward positioning for wall-mounted luminaires or similar equipment in commercial and industrial applications.

Constructed for durability and reliable performance, the adapter features a bronze finish suitable for professional installations where appearance and structural integrity are both considerations. The unit carries a 1-year warranty and is compatible with fixtures rated for 50,000-hour LED lifetime.
