

Square Wall Mount Adapter, 2-3/8" OD Horizontal Tenon, 180° Angle, Bronze Finish

- Creates a 2-3/8" OD horizontal tenon for luminaire mounting
- 180-degree tenon angle for wall-mounted arm configurations
- Bronze finish suited for exterior installation
- Backed by a 1-year warranty
- Compatible with fixtures rated for 50,000-hour LED lifetime

OVERVIEW

The 1-ST-Z-WMS-B is a square wall mount adapter designed to create a 2-3/8" OD horizontal tenon at a 180-degree angle, allowing luminaires with a tenon-mount configuration to be installed directly on a wall surface. It is finished in bronze and is suited for exterior pole and wall lighting applications where a clean, horizontal arm-style mounting is required.

SPECIFICATIONS
