

27W Pool Light, 11.81 in., 24VAC
RGBW, IP68 Stainless Steel

- 27W power draw for underwater illumination
- Operates on 24VAC low-voltage supply
- IP68 rated for continuous submersion
- Stainless steel housing resists chlorinated and saltwater corrosion
- RGBW color output for decorative lighting effects
- 50,000-hour rated LED lifespan

OVERVIEW

The 1-SW27-SS-RGB is a 27W submersible pool light for commercial and residential aquatic installations. Constructed with a stainless steel housing, it is rated IP68 for continuous submersion and operates on 24VAC. The fixture supports RGBW color output, suited to decorative and architectural underwater lighting applications.

The fixture measures 11.81 inches and draws 27W on 24VAC input. IP68 ingress protection confirms suitability for fully submerged use, while the stainless steel housing resists corrosion in chlorinated and saltwater environments. The LED source carries a rated life of 50,000 hours.

The product is backed by a 1-year warranty.

SPECIFICATIONS

OPTICAL

LED Lifetime 50,000 h
