

Outdoor LED Wall Sconce, E27 Single Head, IP65, Matte Black, Square

OVERVIEW

The 1-W-E27-S-BK is a single-sided E27 wall sconce from the E Series, designed for interior and exterior applications. The matte black, square-profile housing accepts a standard E27 base lamp, allowing the installer to specify the light source separately. The unit measures 9 x 9 x 18 cm and is constructed with an aluminum body and acrylic lens.

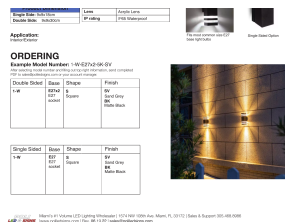

The fixture operates on a wide input voltage range of 100–265VAC, making it compatible with standard U.S. and international supply voltages. The aluminum and acrylic construction is rated for an operating temperature range of -25° to 55°C. No dimming support is included. Lamp not included; must be purchased separately.

The sconce carries an IP65 waterproof rating, confirming protection against dust ingress and low-pressure water jets. It is backed by a 1-year manufacturer warranty.
