

Outdoor LED Wall Sconce, 12W, 5000K, Black, 120-277V

- Delivers 12W of daylight-white 5000K illumination
- Rated for universal 120-277V input voltage
- LED source rated for 50000 hours of operation
- Compact black housing measures 278×183×97mm
- Wall-mount design suited to residential and commercial exteriors

OVERVIEW

The 1-W-FR12-5K-BK is a 12W outdoor LED wall sconce finished in black, designed for exterior wall-mount applications in both residential and commercial settings. Its clean profile measures 278×183×97mm and integrates into a range of architectural styles while providing reliable ambient illumination.

The fixture operates at 12 watts on 120-277V input and produces a 5000K daylight color temperature, delivering bright, energy-efficient output suited for building facades, entryways, and similar outdoor environments. The LED source is rated for 50000 hours of operation.

The fixture carries a 1-year limited warranty.
