

Outdoor LED Wall Sconce,
100x200mm, White, 2x5W, 5000K

- Two 5-watt LED sources for compact, efficient output
- 5000K cool white color temperature for visibility
- 50,000-hour rated LED lifetime reduces maintenance
- Compact 100×200mm white-finish housing
- Backed by a 1-year manufacturer warranty

OVERVIEW

The 1-W-H5×2-5K-WT is an outdoor LED wall sconce designed for exterior lighting applications where both function and appearance are priorities. Its compact 100×200mm form factor and white finish suit a range of commercial and residential outdoor environments, including building facades, entryways, and walkways.

The fixture incorporates two 5-watt LED sources operating at 5000K, producing a cool white output suited for visibility and security-oriented applications. The LED light sources are rated for a 50,000-hour service life, offering reduced maintenance and energy consumption compared to conventional lamp types.

The fixture carries a 1-year warranty.
