

Outdoor LED Wall Sconce, 12W, 5000K, Black Finish, 250x125mm

- Operates at 12W for efficient exterior illumination
- Delivers a cool 5000K color temperature
- Accepts a wide 120-277V input voltage range
- LED source rated for 50,000 hours of operation
- Compact 250×125mm black finish housing
- Backed by a 1-year warranty

OVERVIEW

The 1-W-J12-5K-BK is a 12W outdoor LED wall sconce designed for exterior applications where compact form and reliable performance are required. Its black finish suits a range of architectural styles, and its construction is rated for exposure to outdoor weather conditions.

Operating at 12W with a 5000K color temperature and a 120-277V input range, the fixture is suited for building perimeters, entryways, and similar commercial or residential exterior installations. The LED source is rated for 50,000 hours of operation, supporting long service intervals with minimal maintenance.

The unit carries a 1-year warranty.
