

LED Wall Sconce 6W Single-Sided 5000K Matte Black Outdoor IP65

OVERVIEW

The 1-W-R6-5K-BK is a single-sided LED wall sconce from the R Series, finished in matte black and suited for both interior and exterior applications. The aluminum body and acrylic lens construction is designed to withstand all weather conditions, making it a practical choice for building facades, entryways, and covered outdoor areas.

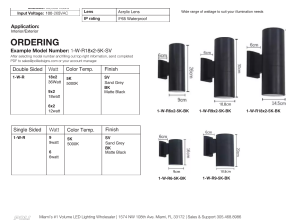

This fixture operates at 6W with a 5000K cool white color temperature and a CRI greater than 80. It delivers 100 lm/W efficacy and is rated for a 50,000-hour service life. The unit accepts a wide input voltage range of 100–265VAC, supporting compatibility across standard U.S. and international supply voltages. Operating temperature range is -25°C to 45°C.

The R Series sconce carries an IP65 waterproof rating, confirming protection against dust ingress and low-pressure water jets. A 1-year manufacturer warranty is included.

SPECIFICATIONS
