

Outdoor LED Wall Sconce, Double-Sided 12W, 5000K, IP65, Sand Grey

OVERVIEW

The R Series LED Wall Sconce (SKU: 1-W-R6x2-5K-SV) is a double-sided outdoor fixture finished in sand grey, constructed from aluminum and acrylic. Designed for both interior and exterior applications, it is well suited for building facades, entryways, and covered walkways where durable, directional wall lighting is required.

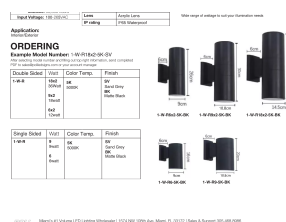

This double-sided configuration draws 12W total (6W per side) and delivers light at 5000K with an efficacy of 100 lm/W and a CRI greater than 80. The fixture accepts a wide input voltage range of 100–265VAC, supports an operating temperature range of -25°C to 45°C, and is rated for a 50,000-hour service life. The aluminum housing and acrylic lens are built to withstand exposure to the elements without degradation.

The fixture carries an IP65 waterproof rating, confirming protection against dust ingress and low-pressure water jets. It is backed by a 1-year manufacturer warranty. Mounting hardware including screws and bracket is included.

SPECIFICATIONS

Power	12 W	Input voltage	100-265 VAC
Lumens Per Watt	100 lm/W	Rated life	50000 h
CCT	5000 K	Warranty	1 y
CRI	80	Operating temp	-25 to 45 °C
IP rating	IP65
