

LED Wall Sconce, 9W Single-Sided, 5000K, Matte Black, IP65 Outdoor

OVERVIEW

The R Series LED Wall Sconce (Single-Sided, Matte Black) is a compact outdoor-rated fixture designed for pathways, building entrances, and architectural accent lighting. Constructed with an aluminum body and acrylic lens, it is suited for both interior and exterior installations.

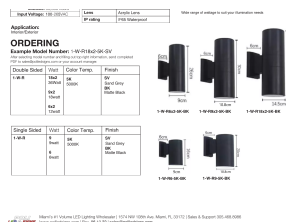

This single-sided unit operates at 9W, delivering 100 lm/W efficacy at 5000K (daylight) color temperature with a CRI greater than 80. It accepts a wide input voltage range of 100–265VAC, supporting compatibility across standard commercial electrical systems. Rated for a 50,000-hour service life and an operating temperature range of -25°C to 45°C, the fixture is built for reliable long-term outdoor use.

The fixture carries an IP65 waterproof rating, confirming protection against dust ingress and direct water jets. It includes a 1-year manufacturer warranty.

SPECIFICATIONS

Power	9 W	Input voltage	100-265VAC V
