

Outdoor LED Wall Sconce 18W Double-Sided 5000K IP65, Sand Grey

OVERVIEW

The R Series LED Wall Sconce (1-W-R9x2-5K-SV) is a double-sided outdoor fixture finished in sand grey, constructed with an aluminum body and acrylic lens. Designed for both interior and exterior applications, it is well suited for building facades, walkways, patios, and entryways.

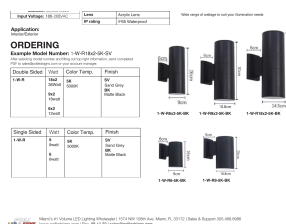

This fixture operates at 18W total (9W per side) with a 5000K cool white color temperature and a rated efficacy of 100 lm/W. It accepts a wide input voltage range of 100–265VAC, supports an operating temperature range of -25°C to 45°C, and is rated for 50,000 hours of service life. The aluminum and acrylic construction is resistant to weather exposure.

The fixture carries an IP65 waterproof rating, confirming protection against dust ingress and low-pressure water jets. A 1-year manufacturer warranty is included.

SPECIFICATIONS

Power	18 W	Input voltage	100-265 VAC
