

Outdoor LED Wall Sconce, 12W, 5000K, Black, 50,000-Hour LED Life

- Consumes only 12 watts of power for energy-efficient operation
- 5000K color temperature for cool, high-visibility illumination
- LED source rated for 50,000 hours of service life
- Finished in black for a modern exterior aesthetic
- Backed by a 1-year manufacturer warranty

OVERVIEW

The 1-W-T12-5K-BK is a 12W outdoor LED wall sconce finished in black, designed for exterior mounting in both commercial and residential applications. Its modern profile suits building entrances, walkways, and facade lighting where reliable, consistent illumination is required. Operating at 12 watts, the fixture produces a 5000K correlated color temperature, delivering cool, high-contrast light suited to security and visibility-focused installations. The LED source is rated for 50,000 hours of operation, offering extended service life compared to conventional wall sconce alternatives. The fixture carries a 1-year warranty.
