OVERVIEW

The WL LED Wall Washer is an outdoor architectural fixture designed to graze building facades and highlight structural features with linear blue illumination. It is suited for commercial exterior applications where a consistent wash of light is required along vertical surfaces.

The fixture operates at 24VDC and draws 12W, using SMD4040 chip technology to produce blue light output over a 40 inch length. Its IP68 rating supports use in wet or submerged outdoor conditions, and the LED source carries a rated lifetime of 50,000 hours.

The fixture is backed by a 1 year warranty.
