OVERVIEW

The WL LED Wall Washer is an outdoor architectural luminaire designed for wall grazing and accent lighting on commercial and residential building facades. Its 20 in length suits linear installations along large surface areas.

The fixture operates on a 24VDC supply and draws 12W, producing a bright white 6500K output via an SMD4040 LED chip. The IP68 rating provides complete protection against dust ingress and continuous water submersion, supporting exterior use in exposed environments.

The product carries a 1-year warranty and an LED lifetime rating of 50,000 hours.
