

108W Replacement Driver for RGB LED Wall Washer Fixture

- Rated output of 108 W for RGB wall washer operation
- Supports 50,000 hour LED lifetime rating
- Backed by a 1 year warranty
- Direct replacement for the 1-WW108-RGB-40" fixture

OVERVIEW

The 1-WW-Z-108-Driver is a 108W replacement driver designed for use with the 1-WW108-RGB-40" RGB LED wall washer fixture. It is intended as a direct replacement component to restore or maintain operation of that specific fixture in commercial and architectural lighting installations.

The driver is rated for a 50,000 hour LED lifetime and carries a 1 year warranty, matching the service expectations of the original wall washer fixture it supports.
