OVERVIEW

The WW2 LED Wall Washer is a linear architectural lighting fixture designed to accent walls, facades, and structural features in commercial and hospitality environments. The pink output makes it well suited for restaurants, hotels, event spaces, and similar venues where color ambiance is a design priority.

The fixture operates at 24V DC, draws 24W, and carries an IP68 rating, qualifying it for both indoor and outdoor installations including locations in close proximity to water features. It uses SMD4040 chips at a density of 24 LEDs per meter and is rated for a 50,000-hour LED lifetime.

The fixture carries a 1-year warranty.
