

LED Wall Washer 24W, 24VDC, 20 in. Length, 6500K, IP68, SMD4040

- 24W power draw at 24VDC operating voltage
- SMD4040 chip technology for consistent illumination
- 6500K cool white color temperature
- IP68 rated for dust and water immersion protection
- Rated LED lifetime of 50,000 hours
- Compact dimensions of 1.6 × 1 × 20 inches

OVERVIEW

The WW2 LED Wall Washer is a compact, low-profile fixture designed for outdoor architectural and facade lighting applications. Its sealed construction and streamlined profile make it suitable for both indoor and outdoor installations where a discreet form factor is required.

The fixture operates at 24VDC and draws 24W, utilizing SMD4040 chip technology to deliver bright, consistent illumination at 6500K (cool white). A rated LED lifetime of 50,000 hours and LED density of 24 LEDs/m support long-term, uniform light output. An IP68 rating provides protection against dust ingress and sustained water immersion, supporting use in demanding environmental conditions.

The fixture carries a 1-year warranty.

SPECIFICATIONS

OPTICAL

Color Temperature	6,500 K
LED Chip Type	SMD4040
LED Density	24 LEDs/m
LED Lifetime	50,000 h
Light Color	White

MECHANICAL

Product Dimensions	1.6 × 1 × 20 inches
--------------------	---------------------

ORDERING

Warranty	1 y
