

WW2 LED Wall Washer 24VDC, 24W, 1800K, IP68, 20-Inch

- 24W SMD4040 chip array for consistent warm output
- 1800K color temperature for a low-intensity, inviting glow
- IP68 rating for dust and continuous water submersion protection
- 24VDC operating voltage for safe low-voltage installation
- Rated LED lifetime of 50,000 hours
- 20-inch length fixture, 1.6 × 1 × 20 inches overall

OVERVIEW

The WW2 LED Wall Washer is a 24W fixture designed for indoor and outdoor applications, including landscape illumination, architectural accent lighting, and ambient lighting in restaurants or entertainment venues. Its 20-inch, low-profile form factor suits installations where a discreet fixture is required.

The fixture operates on 24VDC and uses an SMD4040 chip array with 24 LEDs per meter to produce a 1800K warm color output, delivering a low-intensity, inviting ambiance suited to decorative and hospitality environments. An IP68 rating provides protection against dust ingress and continuous water submersion, making the unit appropriate for wet and demanding installation conditions. Rated LED lifetime is 50,000 hours, and the fixture carries a 1-year warranty.

SPECIFICATIONS

OPTICAL

Color Temperature	1,800 K
LED Chip Type	SMD4040
LED Density	24 LEDs/m
LED Lifetime	50,000 h
Light Color	White
