

Ground Spike for Outdoor Lighting Mounting, 140cm Length, 4.5cm Diameter

- Overall length of 140cm for secure in-ground anchoring
- Diameter of 4.5cm suited to compact fixture mounts
- Durable construction rated for outdoor weather exposure
- Supports quick installation and fixture repositioning
- Backed by a 1-year manufacturer warranty

OVERVIEW

The 1-Z-SPIKE-6 is a ground spike designed for mounting outdoor lighting fixtures in landscape and site lighting applications. Measuring 140cm in length with a 4.5cm diameter, it provides a stable base for smaller fixture installations where a low-profile mounting solution is required.

Constructed from durable materials, the spike is built to withstand outdoor weather conditions and supports quick installation with the ability to reposition fixtures as needed.

The product is backed by a 1-year warranty.
