

8-Inch Ground Spike for Outdoor Lighting Mounting, 210cm Length

- Measures 210 cm in length for deep, stable ground anchoring
- 4.25 cm diameter shaft for secure fixture mounting
- Rated for outdoor exposure in varied weather conditions
- Backed by a 1-year manufacturer warranty
- Suitable for both residential and commercial installations

OVERVIEW

The 1-Z-SPIKE-8 is an 8-inch ground spike designed for secure outdoor installation of lighting fixtures in commercial and residential applications. Common use cases include gardens, pathways, and driveways where a stable, low-profile mounting solution is required.

The spike measures 210 cm in length with a 4.25 cm diameter, providing a firm anchor point in varied soil conditions. It is constructed for durability in outdoor environments, including exposure to adverse weather.

The product is backed by a 1-year warranty.
