

Double - Sided Aluminum Snap Frame Display, 24 in x 32 in, Tool - Free Change

- Double-sided design for visibility from both directions
- Aluminum frame construction for lightweight durability
- Tool-free snap frame mechanism for quick content changes
- Measures 24 in x 32 in (60 × 80 cm) for standard poster sizing
- Rated for 50,000 hours of LED operating life
- Backed by a 1-year manufacturer warranty

OVERVIEW

The 2-A24D is a double-sided aluminum snap frame display measuring 24 in x 32 in, designed for presenting posters, promotional materials, and informational content in commercial and institutional environments. Its lightweight aluminum construction provides durability without excessive weight, making it practical for wall-mounted or freestanding applications in offices, retail spaces, and exhibition settings.

The snap frame mechanism allows graphic inserts to be swapped quickly without tools, reducing downtime during content updates. The double-sided configuration maximizes visibility in high-traffic areas where content must be readable from multiple directions.

The unit carries a 1-year warranty for coverage against manufacturing defects.
