

Street Pole Display Arm, 30 in. (76 cm) Length, Set of 2 Pieces, 1 - Year Warranty

- Arm length of 30 in. (76 cm) for consistent pole offset
- Supplied as a set of 2 pieces for dual-sided mounting
- Rated for 50,000-hour LED lifetime when paired with fixtures
- Backed by a 1-year manufacturer warranty
- Designed specifically for street pole mounting applications

OVERVIEW

The 2-BS30 is a display arm engineered for mounting signage or lighting fixtures on street poles, supplied as a set of two pieces. Each arm measures 30 inches (76 cm) in length, providing a consistent offset for mounting hardware on standard pole diameters.

This configuration is suited for roadway, parking lot, and commercial property installations where signage or fixtures must be extended from a vertical pole structure. The set includes both arms required for a symmetrical, dual-sided mounting installation.

The product carries a 1-year warranty.
