

Steel Square Floor Display Base, 30x30 cm, 13.2 lbs, No Bearing, 1 - Year Warranty

- Solid steel construction for heavy-duty, ground-level support
- Square footprint measuring 30×30 cm
- Weighs 13.2 lbs for stable, static-load applications
- Built without a bearing, suited to fixed, non-rotating mounts
- Covered by a 1-year manufacturer warranty

OVERVIEW

The Steel Square Floor Display Base (30×30 cm) is a heavy-duty steel base designed to provide stable, ground-level support for poles, feather flag banners, machinery, furniture, and other heavy loads in industrial and commercial environments. Its square footprint and solid steel construction make it suitable for integration into existing structures or equipment where a fixed, non-rotating mount is required.

The base weighs 13.2 lbs and is constructed without a bearing, making it appropriate for static applications where rotational movement is not needed. Its compact 30×30 cm dimensions facilitate straightforward installation in space-constrained settings.

The base is backed by a 1-year warranty.

SPECIFICATIONS

OPTICAL

LED Lifetime 50,000 h

MECHANICAL

Product Dimensions 30×30 cm

Material Steel

Mounting Fixed, without bearing

Weight 13.2 lb

ORDERING
