

Steel Square Base Without Bearing, 40x40 cm, 17.6 lbs — Discontinued

- Steel square base measures 40 × 40 cm for stable footing
- Fabricated from high-grade steel for durability
- Weighs 17.6 lbs, providing sturdy ballast support
- Square shape ensures even, balanced load distribution
- Backed by a 1-year warranty
- Discontinued item, subject to stock availability

OVERVIEW

The 2-FP-B-40×40 is a steel square base measuring 40×40 cm, designed to provide stable, load-bearing support for feather flag banners and similar freestanding structures. Its square geometry promotes even load distribution and balanced footing for the supported assembly.

Constructed from high-grade steel, this base weighs 17.6 lbs and is built for durability in demanding environments. The precision fabrication delivers consistent structural performance across a range of mounting and support scenarios in construction, industrial, or domestic settings.

This item carries a 1-year warranty.
