

Wall-Mounted Steel Mounting Base, 122 x 122mm Plate, 30° Pin Angle, 17mm Holder

- Square steel mounting plate measures 122 × 122mm for stable wall attachment
- 30-degree pin angle allows adjustable positioning during installation
- 17mm (3/4 in.) polar diameter holder accommodates standard mounting accessories
- Steel construction supports durability in compact, space-limited installations
- Backed by a 1-year warranty

OVERVIEW

The 2-FP-B-Wall is a wall-mounted mini steel base designed for securely mounting cameras, monitors, and similar equipment in space-constrained installations. The square mounting plate measures 122 × 122mm, and the holder features a 30-degree pin angle to allow straightforward positioning and adjustment during installation. The polar diameter of the holder is 17mm (3/4 in.), providing compatibility with a range of standard mounting accessories and enabling rotational adjustment once positioned.

Constructed from steel, the base is built for durability in demanding mounting applications where a compact footprint is required. Its low-profile design is suited for environments where aesthetics and space efficiency are both considerations.

SPECIFICATIONS

OPTICAL

LED Lifetime 50,000 h

MECHANICAL

Product Dimensions 122 × 122 mm plate; 17 mm holder diameter

Material Steel

Mounting Wall Mount

ORDERING

Warranty 1 y

APPLICATIONS

- Security camera mounting
- Monitor and display mounting
- Wall-mounted equipment installations
- Space-constrained equipment setups
