

Sand Bag for Flying Banner Cross Base, Heavy Duty Oxford Cloth, 19 in. Dia, Red

- Made from heavy-duty oxford cloth for weather resistance
- Measures 19 inches in diameter for stable ground anchoring
- Designed for use with cross base flying banner stands
- Finished in red for visibility in promotional setups
- Backed by a 1-year warranty

OVERVIEW

The 2-FP-SB Sand Bag is designed to anchor flying banners equipped with a cross base, providing ground-level ballast for trade shows, outdoor events, and storefront displays. It serves as a practical stabilizing accessory where secure banner placement is required.

Constructed from heavy-duty oxford cloth, the sand bag is built to hold up under demanding weather conditions. It measures 19 inches in diameter and is finished in red for easy visibility within a promotional setup.

The sand bag is backed by a 1-year warranty.
