

## 9 ft. Sectional Flag Pole with Carrying Bag, Single Tube 29 in.

### OVERVIEW

---

The 2-FP9 is a 9 ft. (2.7 m) sectional flag pole designed for displaying flags in commercial, retail, or institutional settings. The single-tube construction assembles into a rigid, freestanding pole suitable for both indoor and outdoor applications. A carrying tube and storage bag are included for transport and relocation between job sites or venues.

The pole reaches a displayed height of 9 ft., providing a prominent presentation profile. The sectional design allows for straightforward assembly without tools. Base hardware is not included, allowing the installer to select a mounting solution appropriate for the substrate and application.

No certifications, compliance listings, or warranty terms are confirmed in the available source data for this product. Contractors and specifiers should contact Poli LED & Signs directly for documentation requirements prior to procurement.
