

Last Section Pole for FFC2.5, FFC4.5, FFS3.5, and FFS4.5 Fixtures

- Compatible with FFC2.5, FFC4.5, FFS3.5, and FFS4.5 systems
- Functions as the terminal section in multi-pole assemblies
- Lightweight construction simplifies handling and setup
- 1 year warranty coverage
- Rated for 50,000 hour LED lifetime

OVERVIEW

The Last Section Pole is a mounting component designed for use with the FFC2.5, FFC4.5, FFS3.5, and FFS4.5 fixture systems. It serves as the terminal pole segment in compatible multi-section pole assemblies, providing structural support and system integration for commercial and industrial lighting installations.

Constructed from durable materials, the pole is designed for reliable long-term performance. Its lightweight construction supports straightforward handling and installation, making it a practical choice for contractors working with the supported fixture families.
