

Step Stakes for Yard Signs, Corrugplast Material, 22 in. x 8 in.

- Constructed from Corrugplast twin-wall fluted plastic material
- Sized 22 in. x 8 in. for standard yard sign compatibility
- Backed by a 1-year manufacturer warranty
- Rated for a 50,000-hour service lifetime
- Lightweight construction simplifies transport and installation
- Low-profile design blends into outdoor environments

OVERVIEW

Corrugplast Step Stakes are reusable sign stakes designed for securing yard signs and temporary outdoor signage in ground applications. Constructed from Corrugplast, a twin-wall fluted plastic material, these stakes are suited for contractors, real estate professionals, and event coordinators who require a dependable, field-ready staking solution.

The stakes are built to handle challenging weather conditions while remaining lightweight for easy transport and installation. Their low-profile design integrates cleanly into outdoor environments without drawing attention away from the signage they support. Stakes are backed by a 1-year warranty and carry a rated lifetime of 50,000 hours.
