- Five PVC sheets provide structural support and backdrop coverage
- Round structural poles with magnet holder poles and bars for graphic arrangement
- Magnetic strip included for secure graphic installation
- Hard square trolley case for transport, setup, and dismantling
- Backed by a 1 year warranty

OVERVIEW

The Mini POP-Up Arc Display is a portable backdrop system designed for trade shows, events, and promotional environments. The package includes round structural poles, a magnetic strip for secure graphic installation, and magnet holder poles and bars for flexible arrangement of graphics and promotional materials.

Two clip lamps provide on-display lighting, while five PVC sheets deliver structural support and backdrop coverage. The included hard square trolley case simplifies transport, setup, and dismantling, and the clip lamps carry a rated 50000 hour LED lifetime.

The display is backed by a 1 year warranty.
