- Adjustable height range from 0 to 79 inches
- Double-sided design for two-direction message visibility
- Steel construction for stability during repeated use
- Compatible with rigid boards or horizontal-bar banners
- Compact packed dimensions of 4 × 3 × 3 in
- 1-year warranty coverage

OVERVIEW

The 2-T32D-E-M is a double-sided, adjustable steel banner display stand designed for trade shows, exhibitions, retail environments, and promotional events. Its double-sided configuration allows messaging to face multiple directions simultaneously, increasing visibility in high-traffic settings. The stand accommodates either rigid boards or banners mounted on horizontal bars, offering flexibility across display formats.

Height is adjustable from 0 to 79 inches, allowing the stand to suit a range of venue layouts and display requirements. Steel construction provides structural stability for repeated setup and breakdown cycles. The unit is designed for straightforward assembly, disassembly, transport, and storage, making it practical for mobile or rotating display programs.
