OVERVIEW

The 2-T32D is a double-sided T-type display stand designed for high-visibility advertising in exhibitions, trade shows, retail environments, and corporate events. The square base measures 32 in x 79 in, providing a stable footprint while maximizing display area on both faces for simultaneous viewing from multiple angles.

The dual-sided configuration allows a single unit to communicate to audiences approaching from opposite directions. The stand is designed for straightforward assembly and disassembly, supporting efficient transport and repeated deployment across multiple venues or locations.

The unit is backed by a 1-year warranty and rated for 50,000 hours of LED illumination life.
