

Double-Sided SEG Pop-Up Display, 88 in x 88 in with Wheel Trolley Bag

- Double-sided display measuring 88 in x 88 in for two-way visibility
- Silicone edge graphic (SEG) framing system with seamless fabric graphics
- Lightweight construction allows quick assembly and breakdown
- Includes wheel trolley bag for portable transport between venues
- Backed by a 1-year warranty

OVERVIEW

The 2F-POP3x3 is a double-sided SEG pop-up display measuring 88 in x 88 in, designed for trade shows, promotional events, and brand activations where visibility from multiple angles is required. The double-sided configuration allows simultaneous exposure to foot traffic from opposing directions, making it well suited for open-floor environments.

The display features a silicone edge graphic (SEG) framing system with high-quality fabric graphics for a seamless, wrinkle-resistant appearance. The lightweight construction supports quick assembly and breakdown, and the included wheel trolley bag facilitates transport between venues.

The unit carries a 1-year warranty.
