OVERVIEW

The 2F-WW240×90 is a W-shaped wall panel display designed for textile graphic presentations. At 240 inches by 90 inches, it is intended for large-format commercial environments where visual impact and professional appearance are priorities. The W-shaped frame configuration allows textile graphics to be mounted and displayed across a substantial wall surface area. The display is constructed with materials selected for durability and longevity, and the design is intended to present textile graphics in a clean, organized format without visual clutter. The product carries a 1-year warranty.
