

Lock Punch Tool for AL/G03 Aluminum Channel and Profile Fabrication, 1 - Year Warranty

- Engineered specifically for AL/G03 aluminum channel and profile specifications
- Delivers consistent, accurate punching for dimensional accuracy
- Precision-engineered construction for durability and long-lasting performance
- Backed by a 1-year manufacturer warranty
- Rated for a 50,000-hour service life

OVERVIEW

The Lock Punch for AL/G03 is a precision-engineered hand tool designed for industrial applications requiring consistent, accurate punching in aluminum channel and G03 profile materials. It is intended for use in fabrication and installation workflows where material integrity and dimensional accuracy are critical.

The tool is built for durability and repeatable performance, delivering consistent punch results suited to the demands of ongoing industrial use.

The tool is backed by a 1-year warranty and is rated for a 50,000-hour service life.
