

Plastic Cover for 4-PL2.8 LED Fixture, Triangle Shape, Discontinued

- Triangle-shaped design fits securely over 4-PL2.8 connectors
- Constructed from premium plastic material for durability
- Protects against dust, moisture, and physical damage
- Allows quick access to connectors without specialized tools
- Backed by a 1-year warranty
- Associated LED fixture rated for 50,000 hours of operation

OVERVIEW

The 4-PL2.8 Plastic Cover is a triangle-shaped protective shield designed to fit securely over 4-PL2.8 connectors. It is suited for use in automotive, electrical, and industrial applications where connector protection is required.

Constructed from premium plastic material, the cover provides protection against dust, moisture, and physical damage. It is designed for straightforward installation and removal, allowing quick access to the underlying connectors without specialized tools.

The cover is backed by a 1-year warranty, and the associated LED fixture carries a rated lifetime of 50,000 hours.
