

Adjustable Metal Leg for 4-PR4 Panel Light, Height - Adjustable, 1 - Year Warranty

- Constructed from metal for load-bearing stability
- Height-adjustable design fits varying surface configurations
- Compact profile integrates with existing furniture or fixtures
- Rated for 50,000-hour service life
- Backed by a 1-year warranty

OVERVIEW

The 4-PR4-Leg is an adjustable metal leg component designed for use with the 4-PR4 panel light fixture. It is suited for industrial workshops, offices, and laboratories where a stable, height-adjustable mounting solution is required.

Constructed from metal, the leg is built to support heavy loads and provides reliable stability. The height-adjustment feature allows for flexible installation across varying surface configurations, and the compact profile integrates with existing furniture or fixture setups without occupying excess space.

The component carries a 1-year warranty and is rated for a 50,000-hour service life.
